

Diagnosis is the First Step Documentation is the Next

Smart-V-Link® Software provides quality documentation for your reimbursable vascular studies

- Customizable screens for expanded testing capabilities - use our screens or **create your own** customized testing panel
- Download waveforms & results previously saved on your Doppler - no need to be near the computer during testing
- No usage fees or significant hardware costs (run on any Windows® 7, XP or Vista based computer)
- Integrate with EHR's & save files electronically
- Creates DICOM® compatible files
- Frequency Analysis mode available for use with Bidop® 3
- Spanish language option included

Professional hard-copy reports for reimbursement and patient records

*User friendly and affordable...
No user fees or hidden costs*

Free in-service CD & unlimited 24 hour access to web based training for on-demand training & support
